- f) Display the DOB in the table in the format of 'yyyy/mm/dd'. (use date pipe)

***** USE Bootstrap form and Bootstrap table for better view.**

API:

<https://6572df5d192318b7db412dfe.mockapi.io/employees>

```
{
  name: 'John',
  Company: 'capgemini',
  role: 'UI Developer',
  package: 12,,
  email: 'john@capgemini.com',
  dob: '10-10-2010',
  address: {
    addressLine: '2-203, Morris street',
    city: 'Dallas',
    state: 'Texas',
    pincode: 'TX-393823',
  },
  hikes: [
    {year: 2019, percentage: 7},
    {year: 2020, percentage: 9},
    {year: 2021, percentage: 13},
    {year: 2022, percentage: 8}
  ],
  workMode: 'workFromOffice/remote'
}
```

Dynamic Fields Info:

- 1) If the employee's work mode is workFromOffice, collect the travel fee..
- 2) If the employee's work mode is remote, collect the wifi bill amount..
